

Differences in Specifications on 2017-2018 manufactured Vivente Gibb model bikes.*

Reference system in stock codes.	VIV	V18	V18-2	
Production dates	May-17	Jan-18	Sep-18	
Recommened Retail AU\$ East Coast**	\$3,999	\$4,499	\$4,749	
Frame & Fork tyre clearances.	Max tyre 1.75"	Max tyre 2.1"	Max tyre 2.1"	No change in the fundamental geometry. Mudguards don't work well with the biggest tyres in muddy conditions.
Frame & Fork protective coating.	Baked enamel paint.	ED before baked enamel painting.	ED before baked enamel painting.	Electrophoretic Deposition (ED) is the electrolytic coating inside and outside all tubes. It lasts for several decades.
Bottom Bracket	Tange LN3922	Tange LN3922	Shimano UN55	Shimano UN55 life expectancy approx 50,000km.
Front Hub	SP 6V3W	KT 6V3W	KT 6V3W	If KT and SON were the same price we'd flip a coin to choose. Quality-wise, we are happy with either.
Spokes	DT	Sapim	Sapim	Sapim is Rohloff's spoke recommendation.
Rims	DT 545d 36H	DT 533d 32H	DT 533d 32H	533d rims are 1mm wider than 545d and are Tubeless Ready.
Tyres	Marathon 35/32	Marathon 35/35	AlMotion 40	Schwalbe AlMotion are wider with a bigger bag so they take biffs better. But they are also lighter and significantly faster. Tubeless Ready. Long lasting & puncture resistant.
Tubes	Schrader Valve	Presta Valve	Presta Valve	Presta and Schrader both work but if you want to try tubeless you need presta.
Rohloff Hub driver	Snap Ring type	Snap Ring type	Lockring type	The new locking type prevents any movment of the sprocket. Earlier ones will be changed to the locking type.
Spare Mirror Head	no spare	Spare 60mm head	Spare 60mm head	A light and easy to carry spare. Mirrors can get broken.
Rear Reflective Strip	Included	Included	Not Included	Available aftermarket for \$25 from VWR office.
Luggage Strap	Not Included	Included	Included	Tubus Luggage Strap on rear (Tubus) rack.
Chainring nut wrench	Not Included	Not Included	Included	For screwing the FSA extractor outer ring in prior to crank-pulling.
FSA one-key extractor system	Not Included	Not Included	Included	Cranks can be tightened or pulled with an 8mm hex key and 100mm extender (both supplied).

* With constant test-riding, and feedback from riders, we become aware of any issue with any component. We never make changes for the sake of change. We are always driven to save our fellow cyclists from any inconvenience whilst on their own, usually epic, journeys. And to enjoy the best comfort and cycling efficiency. We also feel driven to make cycling ever safer. And we want to minimise and simplify the ongoing service needs. In supplying the tools for service we also focus on what you need for packing at airports, for busses and so on. Our product specifications include reference to instructional videos that we maintain on our website and youtube channel.

** International freight is charged at AU\$100 per bike.
